PROJECT CALENDAR

Imagine...

**people and projects
connected**

■ CONNECT YOUR PEOPLE AND PROJECTS

Announcing a breakthrough ease of use system that utilizes a calendar interface to connect your entire team in the office and in the field. Discover a new collaborative workflow with realtime communications that does not require IT specialists, servers or complicated software. Affordable and easy to use.

■ CONNECT PROJECT MANAGERS & DISPATCHERS

Turn proposals into workorders and schedule installers. Manage projects, installation and track progress with gantt timelines and progress reports. Coordinate installation and service teams and receive instant updates about job progress.

■ CONNECT INSTALLATION AND SERVICE TECHS IN THE FIELD

Receive alerts with installation schedules, work orders, job documents, jobsite addresses, maps, contact information and more. Send progress updates to the office. Works remotely with laptops, smartphones and basic cell phones. No software is required for mobile users.

■ CONNECT YOUR SALES FORCE

Sales teams benefit with powerful CRM tools to increase sales. Manages Leads, opportunities, campaigns, pipelines, forecasts and closing probability. Schedule meetings, callbacks, calendars and view charts and reports. Designed for sales pros using BidMagic Proposal Software.
