## design

The first step in your project is planning. Think about all the possibilities, not only technology needs are... If you can dream it, we can build it.

## engineering

With the aid of our electrical, lighting and audio/video engineers, we develop diagrams and detailed layouts for the system. We consider all details, from room and seating arrangements to the selection of equipment, lighting, and safety requirements.

## equipment

Your equipment comes from a world class selection of the very finest designs available anywhere. From the smallest component to the largest projection and speaker systems, we sift through literally thousands of products to choose the exact components for your needs.

## programming

Before any equipment is installed, it is tested and configured for one-touch operation based on your unique operational design. You'll be able to control your electronic system from any room or anywhere in the world.

## installation

Whether you are constructing a new building or adding electronics to a completed one, we ensure the highest level of craftsmanship. Our installation crew is regularly trained and nationally certified by the most respected electronics industry organizations.

## support

We pride ourselves on taking care of your system, today and in the future. As a full-service electronics integration company, you can rely on our world class service. Whenever you need us, we'll be there.

## Floor Plan

## SCOPE OF WORK & TERMS OF ACCEPTANCE

Your satisfaction is important to us, and we plan to exceed your expectations!  
This proposal is a complete package, including design, wiring, equipment, installation, and coordination of plans with architects, decorators, electricians, and cabinetmakers.

All equipment is warranted by the manufacturers. We guarantee all installation work to be free of defects for a period of one year from installation date. If service is required, we will be happy to provide you with excellent service for your system. Elite AV Systems, Inc. assumes no responsibility for damages, either direct or consequential, that may result from accidents associated with the design, installation, and operation of the sound and video equipment listed herein. Prices contained in this proposal are valid for 30 days. Any changes to this proposal will be submitted in writing for approval.

Responsibilities of others: Rough in of basic Cable TV (CATV) wiring is only included where shown. High voltage electrical wiring and cabinetry are to be supplied by others. Cable TV service connection by others. Any 'prewire' locations do not include termination of wiring or wall outlets. Cabinetry must be adequate to fit this equipment and drawings must be submitted for our approval. Media cabinets must provide adequate ventilation to dissipate the heat of electronic equipment. In some cases, quiet fans may be needed for ventilation. Any conduits or trenching required to bury outdoor cabling (including Satellite and Cable company wiring) are not included and will be provided by others.

Audio Video Manufacturer's regularly update their product offerings. In our efforts to provide you with the very latest technology, we reserve the right to substitute the most up to date models available at the time of installation.

Terms: 30% with acceptance, 30% prior to installation of in-wall speakers, 30% due 45 days prior to component installation, and balance (10%) upon completion of the installation. We require 14 days advance notice before beginning each phase of the work. This equipment shall remain the property of Elite AV Systems until all installation and equipment charges have been paid in full.
